The Medical Cannabis Institute

Ohio State Healthcare Provider Education: Medical Use of Marijuana

Jointly provided by the Postgraduate Institute for Medicine and Scitent, Inc.

Released 07/01/2018

Available for credit until 06/30/2020

The estimated time to complete this activity is 2 hour(s).

Faculty

Ethan Russo, MD

Dr. Russo is a neurologist and Director of Research and Development at International Cannabis and Cannabinoids Institute (ICCI).

Michelle Sexton, ND

Dr. Sexton is an Assistant Adjunct Professor in the Department of Anesthesiology at the University of California, San Diego.

Sunil Aggarwal, MD, PhD, FAAPMR

Dr. Aggarwal serves as Palliative Medicine and Rehabilitation Medicine Physician in Private Practice and MultiCare Health System in Washington State, a Clinical Instructor at the University of Washington School of Medicine, and an Affiliate Assistant Professor of Geography at UW.

Target Audience

This activity is intended for healthcare providers interested in the endocannabinoid system and the use of medicinal cannabis for patient treatment.

Educational Objectives

After completing this activity, the participant should be better able to:

- Discuss the endocannabinoid system
- Explain the pharmacology of cannabis
- Describe when the use of medical marijuana may be contraindicated
- Discuss cannabis' legal status under federal law, as it is legal in certain circumstances
- List the medical conditions for which medical cannabis is approved in the state of Ohio
- Recognize adverse effects of cannabis use

JOINT ACCREDITATION™
INTERPROFESSIONAL CONTINUING EDUCATION

Joint Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by the Postgraduate Institute for Medicine and Scitent, Inc.
